# PUB IN THE PARK

HOSTED BY

TOM KERRIDGE  
AINSLEY HARRIOTT

## CUP POLICY

We are delighted to introduce our Pub in the Park Reusable Cup Scheme!

We have teamed up with Re-Cup to continue to provide a carbon-neutral reusable cup system. We understand now more than ever the importance of being more sustainable.

By introducing our new cup scheme, we aim to stop over 250 tons of single use plastic going to the waste stream; that's around the weight of a blue whale or 40 elephants!

Join us in taking a step forward in the right direction with being more sustainable. All you need to do are these four simple things:

1. Buy your drink
2. Enjoy your drink
3. Return your cup to the bar or place into one of the purple one cup bins
4. PLEASE DON'T TAKE YOUR CUP HOME.

It's as easy as that!  
Help us make our event more sustainable by following these easy steps. Thank you in advance for your commitment to our scheme.

Allergen information for each dish can be found on the menu boards at each restaurant. Due to the external catering environment at Pub in the Park we are unable to guarantee allergen-free food. Meals are produced in the same kitchen as dishes containing other allergens and there is a risk that traces of these allergens could be present. Full allergen information can be found on our website.

Allergen key: 1 Celery, 2 Cereals containing gluten, 3 Crustaceans, 4 Eggs, 5 Fish, 6 Lupin, 7 Milk, 8 Molluscs, 9 Mustard, 10 Nuts, 11 Peanuts, 12 Sesame Seeds, 13 Soya, 14 Sulphur Dioxide

### Pub in the Park's donate-a-dish scheme

This year we have partnered with a local food charity in each town across the 10 stop tour, raising funds via our 'donate-a-dish' scheme. Food is at the heart of the festival and this initiative is a natural extension of what we do. This 'dish' will feature in every location, on every restaurant menu, for £3. Rather than being a physical meal, it will act as a means to donate to the local food charity in each town. Find out more via our website.
